Re; non-Dn & Scn materials

Dear Gordon,

SIT: LRH Public Affairs Archivist has requested to obtain ~~any~~ certain non-Dn and Scn materials that we presently have in the C Archives.

read
DATA: Along with the file cabinets of original Dn and Scn tech, we presently have in the C Archives several trunks of material which are very miscellaneous and include early LRH org traffic, old LRH personal items (ie. family letters, his diary's as a boy, etc.) and *other varied thing*

This material, as it is not part of the materials of Dn and Scn, ~~xxxxx~~ does not really come under the C Archives but has been stored here mainly to keep it safe.

A few years ago, however, the post of LRH Snr PA Archivist was established (formerly Snr FPRO Researcher) in the Snr FPRO Bu, and he has been getting into this type of material and is currently using it to assist in the writing of an LRH biography.

So what I would like to do is turn some of this material over to him.

As an added note Gerry has been very very helpful in finding things for the C Archives and turning them over to me. Last year in his researching he found over 100 audio recordings by LRH made in 1949, and just recently he found and turned over 14 of the original LRH PDC lecture charts plus the original hand-drawn Chart of Human Evaluation drawn by LRH in 1951. And this is to name just a few.

read
He already has many many file cabinets of this type of material (ie. regarding LRH's personal life, etc.) and I feel this material we have rightly belongs with him.

Unfortunately this material we have is so miscellaneous and varied I can't give you a complete itemized breakdown. However, if I can have your permission I will inspect each item personally before it is turned over and ensure that it is not something that would belong in the C Archives.

SOL: Approve that I turn over ^{certain} items we have of a non-Dn & Scn nature to LRH Snr PA Archivist.

This is OK, *m love.*
